SEISMIC EVALUATION AND REHABILITATION OF STRUCTURES

Springer International Publishing AG. Hardcover. Book Condition: New. Hardcover. 497 pages. Dimensions: 9.2in. x 6.4in. x 1.3in. In the past, facilities considered to be at the end of their useful life were demolished and replaced with new ones that better met the functional requirements of modern society, including new safety standards. Humankind has recently recognised the threats to the environment and to our limited natural resources due to our relentless determination to destroy the old and build anew. With the awareness...
