## MOLECULAR DYNAMICS AND X-RAY POWDER DIFFRACTION SIMULATIONS

LAP Lambert Academic Publishing Jul 2013, 2013. Taschenbuch. Book Condition: Neu. 220x150x10 mm. This item is printed on demand - Print on Demand Neuware - Atomistic simulations based on Molecular Dynamics were used to model the lattice distortions in metallic nano-polycrystalline microstructures. Complex microstructures were generated with a new modified Voronoi tessellation method which provides a direct relation between generation parameters and statistical properties of the resulting model. Line Profile Analysis (LPA) was employed to retrieve the microstructure information from...

### Reviews

---

*Thorough information! Its such a good study. Sure, it is perform, still an amazing and interesting literature. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Evie Emmerich**

*It in just one of my personal favorite pdf. I could comprehended every thing out of this written e book. Its been written in an remarkably basic way and is particularly just following i finished reading through this book by which actually transformed me, affect the way i think.*

-- **Jace Johns**
