Brand New Book ***** Print on Demand *****.Excerpt from The Dragon in Shallow Waters An immense gallery, five hundred feet long, occupied the upper floor of the main factory-building. Looking down the gallery, a perspective of iron girders spanned the roof, gaunt skeletons of architecture, uncompromising, inexorably utilitarian, inflexible, remorseless. A drone of machinery filled the air, neither very loud nor very near at hand, but softly and unremittingly continuous; the drone of clanking, of loosely-running wheels and leather belts, muffled by the intervening floor into a not unpleasant murmur. Outside the windows three chimneys reared their heads side by side, emitting three parallel streams of smoke, gigantic black plumes that floated horizontally away over the flooded country, and that at night were flecked with red sparks as they flowed out from the red glare at their base. This written pdf is fantastic. It normally is not going to expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.
