

Economics After the Crisis: Objectives and Means (Hardback)

Filesize: 5.46 MB

Reviews

Basically no words to clarify. Of course, it is perform, still an amazing and interesting literature. Its been printed in an exceptionally basic way which is only soon after i finished reading through this ebook where actually altered me, change the way i really believe.

(Newton Runolfsson)

MIT Press Ltd, United States, 2012. Hardback. Book Condition: New. 224 x 157 mm. Language: English . Brand New Book. The global economic crisis of 2008--2009 seemed a crisis not just of economic performance but also of the system s underlying political ideology and economic theory. But a second Great Depression was averted, and the radical shift to New Deal-like economic policies predicted by some never took place. Perhaps the correct response to the crisis is simply careful management of the macroeconomic challenges as we recover, combined with reform of financial regulation to prevent a recurrence. In *Economics After the Crisis*, Adair Turner offers a strong counterargument to this somewhat complacent view. The crisis of 2008--2009, he writes, should prompt a wide set of challenges to economic and political assumptions and to economic theory. Turner argues that more rapid growth should not be the overriding objective for rich developed countries, that inequality should concern us, that the pre-crisis confidence in financial markets as the means of pursuing objectives was profoundly misplaced.
